**Flower City Habitat For Humanity  
Women Build Kick-Off Celebration**

Flower City Habitat for Humanity is engaging women in the community to build another Habitat Women Build House just ten doors down from the Susan B. Anthony House. This build marks our fifth Women Build House in Rochester.

Women Build is about women learning to be home builders. Women Build is about women helping others become homeowners. Women Build is about building community and supporting families.

Please join us for the Kick-Off Celebration of this exciting project.

Flower City Habitat For Humanity Women Build Kick-Off Celebration
